This license is issued based on information provided in your asbestos abatement notification, received August 01, 2018. Please refer to the license number above whenever you communicate with DHEC about this project. Use of this license indicates your agreement that the information herein is accurate. This license is non-transferable.

According to the information you have provided, the material you intend to abate is non-regulated. If at any time during the project the material is rendered regulated, you must immediately amend your notification, comply with all applicable regulations, and pay any applicable asbestos abatement fees.

You are hereby authorized to dispose of asbestos waste from this project at the Loveless & Loveless C & D Landfill - 282428-1201. Authorization is valid only for the amount of asbestos indicated above, and for a reasonable amount of other asbestos-contaminated materials generated during this project. You must obtain prior approval for disposal from the landfill operator. There shall be no leakage or spillage during transport. Authorization for disposal shall expire thirty (30) days after August 10, 2018. At the conclusion of this project, you must submit a completed copy of your Waste Shipment Record to DHEC in Columbia.

The SCDHEC Division of Solid Waste Planning & Recycling also has rules governing the disposal of materials that have come in contact with lead-based paint. Materials which have been painted with lead-based paint must be disposed of in a Class Two or Three Landfill. Please contact the Bureau of Land and Waste Management for additional information.
